

# SEGRA

SUSTAINABLE ECONOMIC GROWTH  
FOR REGIONAL AUSTRALIA

## ALBANY & GREAT SOUTHERN REGION 26 - 28 OCTOBER 2016

### NATURALLY STRONGER REGIONS

### REALISING THE POTENTIAL

#### Save the Date - *SEGRA* 2016

Mark the dates for the 2016 conference in your diary now. Why not set aside some extra time in your diary to explore the Albany and Great Southern region of Western Australia while you are here.

As the 20th anniversary, the 2016 conference will celebrate our achievements to date and will look forward at issues facing regional Australia in the next 20 years, as we examine the theme *Naturally Stronger Regions - Realising the Potential*.

# What's in it for you?

Sustainable Economic Growth for Regional Australia (**SEGRA**) was established in 1997.

**SEGRA's** vision is to promote regions and regional issues and to help empower people in regions to define and control their own futures. **SEGRA** advocates that we can secure a sustainable future for rural, remote and regional Australia through collaborative multi-layered and interconnected responses to issues, challenges and opportunities.

In a world inundated with events focused on a single issue or a new piece of technology, **SEGRA** stands out for its independence, breadth of topics, and outstanding speakers.

**SEGRA** provides:

### Variety and context

The **SEGRA** conference provides a range of topics including National Regional Policy, Sustainability, Leadership, Digital Disruption and Labour Markets and Education.

### Best and brightest

Our speakers are handpicked by the National Steering Committee for their knowledge, expertise and presentation skills. The line-up of speakers impresses year after year.

### The importance of networking

Networking is about making connections and building mutually beneficial relationships. Spotlight sessions, panels, hypotheticals, challenges and networking functions mean there is no better place to network. This is your opportunity to form connections with passionate people from across regional Australia.
