

Title of Presentation:

The Kimberley LNG Precinct: Delivering on a Promise

Gail McGowan

*Acting Deputy Director General, State Initiatives, Department of State Development*

Gail was seconded to the then Department of Industry and Resources in August 2009 to coordinate the establishment of the Kimberley LNG Precinct. Since January 2009 she has also had responsibility for other major state priorities including the Oakajee and Mid-West and Ord-East Kimberley expansion projects.

Gail has extensive experience in senior executive positions within the Western Australian and Australian public sectors in areas as diverse as occupational safety and health, environment, vocational education and training and women's policy. She has worked as an adviser and chief of staff to both State and Federal Ministers.

With post graduate qualifications in public policy, Gail is focussed on working with stakeholders both within and outside the public sector to achieve practical outcomes.
